HAHAHAHA.

Indeed, a whole lot of HA. That's because HA is now the celebrity ingredient that everyone seems to be using. But HA, which is Hyaluronic Acid found in the skin naturally, is too large of a molecule to penetrate the skin and instead sits on the surface and can draw moisture out of the skin making you feel like you definitely need more HA. Our Low-Molecular HA Booster changes everything with five forms of HA that can actually penetrate the skin at different depths so you're hydrated and visibly plump now and later.

GISELE'S

PLASTIC SURGERY COVER-UP

WEARING A SCANDALOUS DISGUISE, **GISELE BÜNDCHEN** CHECKS INTO A PARIS CLINIC FOR A FEW NIPS AND TUCKS

She was trying to keep her mission under wraps, but all she did was attract attention — and create an uproar. On July 15, **Gisele Bündchen** and her younger sister, **Rafaela**, arrived at Paris' International Clinique du Parc Monceau shrouded in traditional Muslim burqas. Though their faces were hidden, the fact that Gisele's longtime chauffeur was driving them — as he had when the supermodel visited the same building in late June — blew their cover. And from there, the appointment threatened to become an international incident.

OFFENSIVE DRESS

Gisele's stance on cosmetic surgery has always been "no way" (despite the

Two weeks after visiting a plastic surgery clinic in Paris (left), Gisele went undercover in a burqa to return for procedures, angering Muslims.

2005

SHE'S HAD WORK DONE BEFORE!

The supermodel never copped to getting breast implants in her 20s, but she clearly bumped up a cup size or two. "Gisele doesn't practice what she preaches," says a source. "She won't admit to having surgery."

2007

obvious breast implants she got during her *Victoria's Secret* modeling years), so the idea that she was reportedly getting work done on her eyes and breasts as a 35th-birthday present to herself

was big news on its own. But it was her choice of disguise that really shocked people. There were still two days left in the holy month of Ramadan, and Muslims were outraged that Gisele had donned the burqa — which, in any event, has been banned from public wear in France since 2010 — for nonreligious reasons. She and Rafaela were also sporting sandals, another telltale sign that their garb wasn't legit, since strict Muslim women are prohibited from wearing open-toed shoes.

AGE ISN'T JUST A NUMBER

A day later, postprocedures, the same driver was seen picking up Gisele and Rafaela at the clinic, and after recuperating at a spa, the sisters jetted back to the U.S. on July 24. The Brazilian bombshell's reported \$11,000 worth of surgery doesn't surprise insiders who know how dedicated she is to delaying

the aging process. "Gisele's facing a lot of changes she didn't have to deal with in her 20s," says a source, including the toll having two children — **Benjamin**, 5, and **Vivian**, 2 — with husband **Tom Brady** has taken on her body. "She has no intention of growing old gracefully, but her whole thing is that she's a natural beauty. That's why she tries so hard to hide the work she has done."

And even though — or perhaps because — she retired this year from runway modeling ("My body tells me if what I do is worth it, and it asked to stop," she said), there's

pressure to remain as hot as ever. "Gisele is addicted to attention," adds the insider. "She can't bear not being considered one of the most beautiful women in the world."

TOM'S NO GOOD, VERY BAD WEEK

Gisele's husband, Patriots QB Tom Brady, 38, generated headlines of his own last week, as the NFL upheld his four-game Deflategate suspension and he filed a lawsuit to have it overturned. He also admitted to having destroyed a cell phone containing 10,000 text messages. "I did nothing wrong," he maintained. These two need a Hail Mary!

BOBBI KRISTINA'S

FINAL
FAREWELL

A grieving Bobby Brown left the hospice after his daughter died.

Bobbi Kristina's death, under circumstances similar to that of her mother, Whitney Houston, was the second tragedy for the family in three years.

ur loss is unimaginable," **Bobby Brown** said following the death of his 22-year-old daughter, **Bobbi**

Kristina Brown, in an Atlanta hospice on July 26, six months after she was found unresponsive in her bathtub. As family and friends mourned, plans were made for a funeral service in Georgia and a burial in New Jersey next to her mother, **Whitney Houston**.

An initial autopsy showed "no obvious underlying cause of death and no significant injuries," the Fulton County (Ga.) Medical Examiner

stated; but controversy remains. With the cause of death still undetermined and more tests under way, sources say prosecutors could charge Bobbi Kristina's boyfriend, **Nick Gordon**, with involuntary manslaughter if they determine he gave her drugs that led her to pass out in the tub. (In an eerie precursor to the tragedy, it was reported that Bobbi Kristina fell asleep intoxicated in a bathtub in 2012, the night before Whitney was found dead in a tub in the same hotel.)

As for the money at stake, Bobbi Kristina inherited \$2 million from Whitney's \$20 million estate when

she turned 21 and was to inherit the rest at 25 and 30. According to New Jersey-based estate planning attorney Victor J. Medina, who is not involved in the case, Whitney's will stipulates that if Bobbi Kristina died before then and had no will of her own, the remaining money goes to Whitney's mother and two brothers. A sum was also set aside for "my husband, Robert B. Brown," but "their divorce essentially means that Bobby gets nothing," Medina says. Of course, money is the last thing on Bobby's mind right now. "He never cared about the money," says a source close to the star. "He's just heartbroken."

BEN'S SLEEPLESS NIGHTS

Like his alter ego Batman, **Ben Affleck** has become a troubled nocturnal creature. Since June, when he and **Jennifer Garner** announced plans to divorce, he's made it a priority to be in Atlanta while Jen films *Miracles From Heaven*, even staying in a guesthouse on the property she's renting. But at night, a source says, Ben is haunting the hallways and common areas of an Atlanta apartment complex he's using as a more comfortable home base. "He wanders around alone," says the source, adding that his movements have been caught on security cameras. "He even takes long elevator rides, stopping at other floors before returning to his place. When people approach him, he claims he's just stretching his legs. But he's acting very strangely." Just getting into character, we guess!

"He'll sit in the lobby, just staring into space," says a source of Ben's insomniac habits.

SELENA'S BROADWAY BID

She's seen her pal Vanessa Hudgens star as Gigi on Broadway, and now Selena Gomez is gunning for the Great White Way herself. As she finishes recording her new album, *Revival* (set for release Oct. 9), Selena is being pitched to Broadway producers for a leading role in a musical, says a source close to her business team. "She knows the music market is swamped right now, and she'd love to give her acting career a lift," the insider says. Waving bye-bye to relationship drama (Selena has said her new album will have "hints" of her tumultuous romance with Justin Bieber) would be another plus. "She wants to leave L.A. for a while and try something new," adds the source. "She's definitely nervous to change course, but if she pulls it off, it will give her so much confidence."

Selena "needs a new project to focus on," says a source.

JUSTIN NEIGHBOR FROM HELL

It's time to rev up the Justin Bieber apology tour again! Though the 21-year-old teen idol tried to make amends earlier this year for bratty behavior, like peeing into a restaurant mop bucket, spitting on fans from a balcony and egging a house — “I was rebelling a little bit... I was disappointed in myself,” he said — he's now bringing his antics to some of L.A.'s most elegant and venerable hotels, where he's been living like a king while recording a new album. A source who's often crossed paths with Justin at the swanky Beverly Hills Hotel tells OK! that “he's always driving his fancy cars like a maniac through the parking lot. We hear his tires screeching as he races by the entrance.” He also trails a telltale odor everywhere he goes: “He leaves the stench of weed behind him,” says the source. “Not only does his room smell, but anyone who shares an elevator with him notices it. He tries to hide it by spraying tons of cologne on himself, but that only makes matters worse.” The Biebs' careless attitude isn't winning him any new fans, the insider adds: “Plenty of families with children stay at this hotel. Justin should be more mindful of his behavior.” Or maybe he should just stay at his own house?

“I'm sure he's a sweet kid deep down,” says a source at The Beverly Hills Hotel, “but he needs to clean up his act.”

BLAKE'S BUSINESS REBOOT

It looks like **Blake Lively** is no **Martha Stewart** — or **Gwyneth Paltrow**, for that matter. A year after the *Gossip Girl* star debuted her lifestyle website, Preserve, sources say views are down and sales are in the tank. “The clothes are very expensive but don't look it,” the insider says. “So she's got a lot on sale.” Even Blake has admitted she'd like to “put it on hold... then relaunch it.” Meanwhile, **Reese Witherspoon's** site, Draper James, sold out of several items within hours of launching in May. “Blake may have bitten off more than she can chew,” says the source. “She thinks it's time to regroup with her team and devise a new plan.”

“The site's not close to what I want it to be,” Blake said recently.

KESHA BACK IN REHAB?

Kesha has gone ghost in recent weeks, and that may be a good thing: Friends believe she's checked into rehab for alcohol abuse, a source close to the pop star says. “Kesha has been acting distant, which is weird for her,” says the friend. “She's gone to Bozeman, Mont., with no return date scheduled, and we assume she's getting help for her drinking.” Kesha, who was in rehab in 2014 for an eating disorder (she denied having an alcohol problem at the time), called the first day of treatment “the scariest of my life.” More recently, says the pal, “she's talked about needing to go back. Everyone is hoping for the best.”

Caitlyn
& Candis

FALLING IN LOVE!

Looks like **Caitlyn Jenner** and transgender actress **Candis Cayne** have taken their friendship to the next level! In a teaser for an upcoming episode of the E! docuseries *I Am Cait*, Candis asks Caitlyn: “Would you like to go out on a date?” In fact, a source reveals to **OK!** that the pair have been secretly seeing each other for weeks — to the point where “Candis is spending more time at Caitlyn’s Malibu mansion than at her home!”

30 AUGUST 17, 2015 **OK!**

They were first spotted together in New York City in late June, when Candis, 43, romantically serenaded Caitlyn, 65, at a Pride event. On July 18, they were seen drinking and dancing at The Abbey, a popular gay bar in West Hollywood. On July 24, they held hands and danced at a **Boy George** concert in Hollywood.

While Caitlyn’s pals are happy to see her love life blossoming after so many years of loneliness and disconnection with her ex-wives, a few of them have

“Candis reached out to Caitlyn after she learned about her transition, and they became close,” says a source. “They have a lot in common.”

doubts about Candis’ true intentions. “Candis’

career has been stagnant in recent years, and she’s been desperate to revive it,” says an insider. “Caitlyn’s popularity has certainly thrust her back into the limelight.”

The insider adds: “Candis wants to be Caitlyn’s number-one priority, and so far, that seems to be the case. Now Caitlyn’s falling for her — but her loved ones are scared that Candis will only break her heart.”

Shia's RAGE AT MIA

Shia LaBeouf's bizarre behavior continues. Friends of the volatile actor are concerned after video surfaced of a fight he had with his girlfriend of two years, 22-year-old **Mia Goth**, in Germany on July 24. In the grainy footage, shot on the street in Tübingen, where Mia is filming a horror movie, Shia, 29, can be heard yelling: "I don't wanna touch you. I don't wanna get aggressive. This is the kind of s**t that makes a person abusive." Bystanders rushed over to break up the row and gave Shia in a lift, where he was recorded saying, "If I'd have stayed there, I would have killed her." His anger is a serious issue he hasn't appropriately addressed, a source close to Shia says: "He has a bad temper. He admits to that. Next time, he could really hurt Mia."

Shia was arrested for disorderly conduct in June 2014 after he disrupted the Broadway show *Cabaret* in NYC.

Leo's BAD-BOY REP BITES BACK!

He may be box-office gold, but **Leonardo DiCaprio**, 40, isn't so great in the eyes of new girlfriend **Kelly Rohrbach**'s family. The Connecticut-bred swimsuit model's wealthy, conservative parents are "horrificed" that she's seeing Leo, who's 15 years older than Kelly "and known for womanizing," says an insider. They want the Georgetown grad to "use her brain and see he has a pattern." But Kelly may be playing her own game. "She wants to act," the source notes. "She knows Leo has the contacts to help her."

Leo has been wooing Kelly on a yacht in sunny Italy.

Michael & Catherine RENEWING THEIR VOWS

Two years after separating, they're ready to head down the aisle — again!

Saying "I do" is so nice, this couple is doing it twice! To mark their upcoming 15th anniversary, on Nov. 18, **Michael Douglas**, 70, and **Catherine Zeta-Jones**, 45, will renew their vows — an event neither would have predicted when they separated in July 2013. But the pair have worked hard to repair their relationship. "They're proud they were able to work through their problems

and reignite their love and commitment," says a friend. The event will take place at their sprawling estate in bucolic Bedford, N.Y., with their children, **Dylan**, 15, and **Carys**, 12, playing key roles. "The kids faced so much uncertainty when their parents split up temporarily," the friend says. "Catherine and Michael want to make the day a celebration of family."

Taylor & Calvin's SCOTTISH LOVE NEST

When Taylor Swift was dating **Conor Kennedy**, she bought a house next door to his family in Cape Cod, Mass. Now that she's with Scottish DJ **Calvin Harris**, she's looking across the pond. A source says the pop princess, 25, is eyeing an \$8 million estate not far from where 31-year-old Calvin's parents live. Called the Tower of Lethendy, it boasts a golf course, tennis courts, a heated outdoor pool, a sauna and a massage room. "It's like a fairy-tale castle," the source says. "Taylor is all about romance. She's looking forward to snuggling up by a roaring fire with Calvin and embracing Scottish traditions." Try the haggis, Tay!

A source says Taylor fell in love with the manse "the minute she saw it."

Jon

VYING FOR ROSAMUND?

You can take **Jon Hamm** out of *Mad Men*, but you can't take the Don Draper out of Jon Hamm! Amid reports that his 18-year romance with actress/writer **Jennifer Westfeldt** is kaput, a source says another blonde beauty has caught the 44-year-old actor's eye: his *High Wire Act* costar **Rosamund Pike**, 36. "Jon had a big part in getting her cast," says the insider. "He thinks she's supertalented and gorgeous." One hitch: She's been with **Robie Uniacke**, dad of her two kids, on and off since 2009. We know what Don would do!

Jon thinks Rosamund is "confident and sexy — he finds her mesmerizing," a source says.

Tori blames Dean for their sinking finances.

Tori to Dean: DO MY SHOW, OR ELSE!

After airing their marital woes on the first two seasons of *True Tori*, **Dean McDermott**, 48, doesn't want round three with wife **Tori Spelling**. But Tori, 42, isn't taking no for an answer. With the Lifetime series on hold pending Dean's participation, she's laying on the pressure, claiming it's the only thing that can save them from financial ruin. "They desperately need the money, but Dean says filming nearly drove him to suicide," says an insider. The couple have reportedly thrown away \$18 million since their 2006 wedding, with Tori once stating they live "paycheck to paycheck."

J. LO & CASPER

Getting MARRIED

The old saying “the third time’s the charm” is not typically thought to apply to marriages... and that’s a good thing, as far as

Jennifer Lopez is concerned. Because it turns out that the star — who’s often been unlucky in love, even as she’s excelled at everything else she’s put her mind to — is, according to an insider, currently in the process of planning her fourth trip down the aisle!

This time, the man waiting at the altar will be backup dancer turned boyfriend **Casper Smart**. And, despite their slightly rocky past, the source says that Jennifer is certain she’s finally found The One. “She sees him as her ‘knight in shining armor,’” the source explains. “She knows people might be shocked, but she doesn’t care. She says that no one besides them really knows what’s going on with them, and that that’s as it should be.”

AS IN LOVE AS EVER

What the general public does know about the pair might not seem, at first glance, particularly auspicious: Together since 2011, they briefly split

One of the things Jennifer loves most about Casper is how much he loves her twins, Emme and Max, now 7.

Jennifer's gorgeous Hamptons estate will serve as the setting for a surprise ceremony and reception this October.

last year after rumors that Casper had been unfaithful. But Jennifer never truly believed the gossip. "She knows Casper better than anyone," the source says, "and she trusts him."

The couple quietly reunited in the spring, appearing at the Nickelodeon Kids' Choice Awards and arriving for an *American Idol* taping together in March. They even took a trip to Mexico in early April with Jennifer's 7-year-old twins, **Max** and **Emme**, to celebrate Casper's 28th birthday.

LOOKING AHEAD

The break did play a role in Jennifer's decision to keep their upcoming

nuptials a secret, however: As with her third wedding, to **Marc Anthony**, the plan is to summon guests to her Hamptons house in October with an invitation that promises only a party and then to surprise them with a ceremony. "She's been doing all she

can to keep it under wraps," the source says, "in part because she doesn't want everyone else weighing in on whether getting married again is the right move. She just wants to enjoy herself."

To that end, Jennifer has been busy orchestrating a "small and simple"

Casper is the one pushing for a wedding; left to her own devices, the source says, Jen would elope.

THEY CAN'T WAIT TO MAKE IT OFFICIAL!

FROM HEARTBREAK TO HAPPINESS

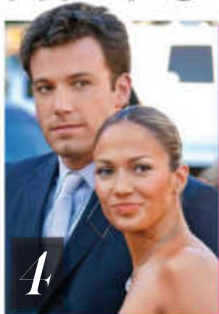

1 OJANI NOA
Some 200 guests (including director **Oliver Stone**) were on hand to witness Jen's 1997 wedding to this Cuban-born waiter, but their marriage lasted only 11 months.

2 SEAN COMBS
The artist formerly known as Puffy helped Jen launch her pop music career in 1999. After spending a sometimes scandalous two years together, they broke up.

3 CRIS JUDD
Some reports claim that Jennifer started dating this dancer shortly before she dumped Diddy in early 2001; their subsequent marriage lasted less than a year.

4 BEN AFFLECK
Jen fell for Ben in spring 2002, while filming *Gigli*, and by the fall, they were engaged. A September 2003 wedding was canceled, though, and they split in early 2004.

5 MARC ANTHONY
In February 2004, Jen reunited with this singer, an old flame. By June, the pair were exchanging "I do's." They became parents in 2008 and parted in 2011.

6 CASPER SMART
Some figured Casper for a rebound guy, like Cris before him. But the choreographer has held on to Jen's heart for four years and counting!

event that will feel special, and, the source says, “completely different” from her other weddings. She’s asked close friend (and manager) **Benny Medina** to get ordained so that he can serve as minister and has enlisted BFF **Leah Remini** to be an official witness; her father, **David**, will walk her down the aisle. (The twins have already called dibs on the positions of ring bearer and flower girl, the source adds.)

Even Casper’s California-based family, the source notes, are still in the dark about the big event, because Jennifer is concerned that they might “accidentally let it slip. She’ll fly them in on a private jet, but they won’t know the real reason they’re coming.”

And, as befits a fashion icon, Jennifer has given plenty of thought to the question of what she’ll wear on the big day. “She’s planning on a pale-pink dress, rather than white,” the source reveals, “and she’s ordered a backup gown in case it turns out that she has to cover a baby bump!”

TRYING FOR KIDS

Yes, one of the many reasons Jennifer and Casper have decided to tie the knot is that they are eager to expand their brood. In a recent interview, the singer/actress confessed that she would love to have “four or five more” children, adding, “If I got pregnant, I would be so excited.”

“Casper’s great with the twins,” the source says, “and he really wants to have a baby of his own too. They’ve already started trying, and he’d love to be able to reveal on their wedding day that they’re expecting.”

But the source says that Jennifer is realistic about the (not-great) odds of a pregnancy happening naturally. “If she isn’t pregnant by the time they get married, they’re going to explore

J.Lo’s BodyLab Success

On the night of her 46th-birthday party, July 25, at the exclusive Hamptons outpost of 1Oak, Jennifer wowed well-wishers when she showed up in a sheer cutout dress that many women half her age (or younger!) would be reluctant to rock. But while her message was clear — a T-shirt emblazoned with the words “I’ve still got it” would probably have been less obvious — some fans were still left with one burning question: How is this possible?

SHE WORKS OUT

J.Lo dances (no surprise there) or does the Tracy Anderson Method at least four times a week.

SHE MINDS HER MOOD

She begins each day with a mix of meditation and feel-good affirmations.

SHE STARTS THE DAY OFF RIGHT

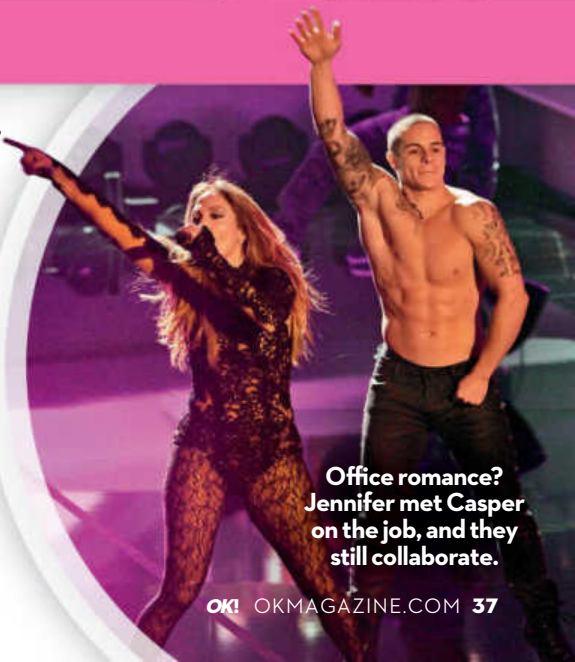

In addition to maintaining a healthy diet, J.Lo begins each morning with Fat Burning Thermodynamic TastyShake (Decadent Chocolate Fudge) from BodyLab, a line of nutritional products specifically developed for women, which she helped to create. “Since I start off feeling healthy, I eat better for the rest of the day,” she explains.

At 46, Jennifer looks not just incredible but better than ever!

all their options, including adoption, which she has said in the past she would “maybe” consider, as well as surrogacy and IVF, which she and Casper have discussed. (The source says that Jennifer would prefer to conceive using her own eggs, if possible.)

“Casper is still young,” the source says, “but they’ve been through a lot together, and they don’t want to waste any more time.” As far as Jennifer is concerned, she’s found her man. **OK!**

Office romance? Jennifer met Casper on the job, and they still collaborate.

MIRANDA'S

Affairs of the Heart

THE FINAL
STRAW THAT LED
BLAKE SHELTON
TO DIVORCE
**MIRANDA
LAMBERT** AFTER
FOUR YEARS OF
MARRIAGE: SHE
FELL IN LOVE WITH
ANOTHER MAN

BEGINNING OF THE END?

Miranda and Ryan displayed an easy affection at the Grammys in February.

In the lyrics to her 2009 hit song “White Liar,” **Miranda Lambert** plays a jilted lover with her own skeletons: “Here’s a bombshell just for you...” she sings. “Turns out I’ve been lying too.”

Six years later, Miranda and her vengeful stage persona have all but melded. When her marriage to **Blake Shelton**, 39, came to a crushing end in late July, many assumed that Blake’s indiscretions were to blame — his rumored affair with **Cady Groves**, 26, reportedly lasted for years, after all; but close inside sources say in fact it was Miranda who caused the union’s ultimate demise. And it wasn’t an affair — or even a fling — but her sudden and wholehearted devotion to another man.

BAD ROMANCE

Miranda, 31, has long enjoyed playing with fire and then flaunting her bad decisions. Her extramarital flirtations

Blake discovered Miranda had these feelings for Ryan after her band member saw them together”

“People think Blake’s drinking and infidelity destroyed the marriage, when all along it was Miranda,” says a source.

seemed almost deliberately risky, especially her reported dalliances with Blake’s close friends, **Jamey Johnson** and **Chris Young**, and married baseball player **Josh Beckett**.

But while sources say Blake was prepared to forgive her sideline courtships, he simply couldn’t recover from Miranda’s latest transgression: After years of seemingly harmless on-the-road flirting with her longtime tour manager, **Ryan Westbrook**, she had turned a corner and fallen in love.

“Blake discovered that Miranda had these feelings for Ryan after a member of Miranda’s band had had enough of witnessing her behavior around him,” says an insider, “and finally told Blake.”

Blake was devastated but willing to reconcile. “He’d taken Miranda back time and time again, and he would have done it again had she owned up to her mistakes and corrected them,”

the source says. “It was a crushing blow to Blake’s ego.”

OLD HABITS DIE HARD

Sources say Blake and Miranda had slung around the word *divorce* so many times that it never held any weight. “Blake had threatened so often, it started getting old,” says an insider. “Miranda never thought he’d actually go through with it — and she even told him that he could never divorce her, because she wouldn’t sign the papers and he’d be stuck with her.”

Their admittedly heavy boozing didn’t help matters. Blake is known for his cheeky tweets that begin, “I’m so drunk right now...” and for toting his fave accessory — red Solo cups filled with “Blake-aritas” — on the set of *The Voice*. And Miranda recently confessed that she’d considered lying to doctors about how often she drinks.

But while their habits were always purportedly in the spirit of good ol’ down-home fun, sources say their drinking fostered an environment of jealousy, mistrust and destructive impulses. “Miranda would get drunk and lash out at Blake, punching and screaming if she thought he was so much as looking at another woman,” says an insider. “Blake had normally been drinking too, and the fights would ignite like nothing I’d seen.”

But since finding out about her feelings for Ryan, Blake is done fighting. “If Miranda had done things differently, Blake would have taken her back,” says a source. “But this is the road she chose.”

BLAKE’S HEARTBREAK

Blake may have stopped fighting for his marriage, but damned if he didn’t give it a real go. Sources say he made tireless attempts to get Miranda help for her drinking, in hopes of repairing their marriage. “Miranda’s a feisty drunk with a nasty temper,” says a source, who adds that Blake recently implored Miranda to do a three-week stay in rehab in L.A., followed by a 90-day outpatient program. “Miranda took it seriously and stayed sober for a while,” the source says, “but then slowly fell back to her old ways.”

AMAL TO GEORGE:

SELLY BACH PADS!

GEORGE CLOONEY'S WIFE, **AMAL**, CAN'T STAND LIVING WITH THE GHOSTS OF HIS GIRLFRIENDS PAST

At first, he thought she was joking. Did his wife of less than a year really want him to sell four properties around the world — a villa in Italy, a beach house in Mexico, an apartment in New York City and a house in L.A.'s popular Fryman Canyon — all at once? But it soon became clear, an insider

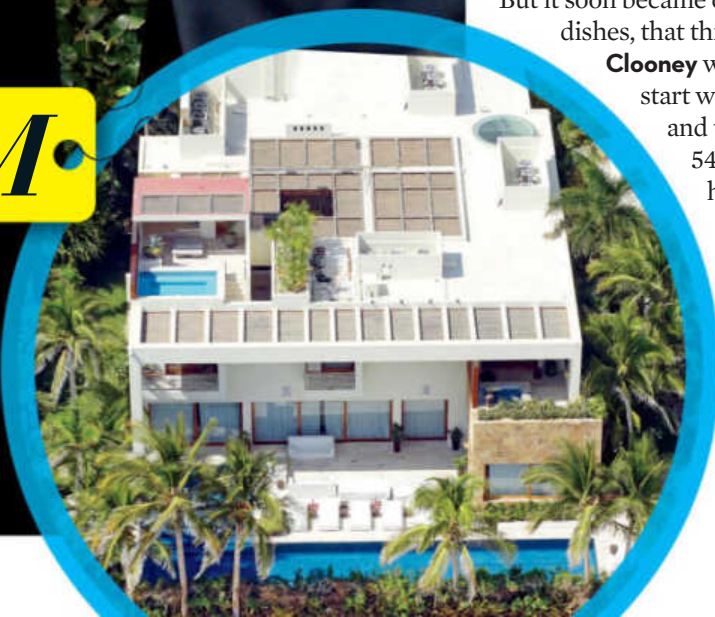

dishes, that this was no joke: **Amal Clooney** wants to make a fresh start with her husband, and that means **George**, 54, must get rid of the homes where he entertained a string of women during his extended bachelor-playboy days.

"Those houses hold a lot of happy memories for George, but she hates the thought

of sleeping in the same rooms as his former lovers,” says the source, adding that Amal, 37, has already made her husband throw out the mattresses, and even the beds, in the master suites of his various homes. “He knows it’s pointless arguing with her — she’s a lawyer, and she always wins!”

JUST LIKE STARTING OVER

There’s a boatload of money to be made, of course: George’s retreat in Cabo San Lucas, Mexico, has been valued at \$50 million, and he’s reportedly received an offer of \$50 million for his beloved 18th-century estate on Italy’s Lake Como — five times what he paid for it in 2002. But the real reasons to say out with the old and in with the new are emotional and psychological. Amal “doesn’t want to be surrounded by reminders of his previous conquests,” says the insider. Indeed, although the couple spent the summer in Lake Como, “Amal isn’t going back there many more times, if

ever,” says the source, and she “freaked out” during an argument at a cafe after she had apparently come across some clothes left behind by George’s old flame **Elisabetta Canalis**.

FEATHERING A NEW NEST

Another reason to change things up is the family the couple would love to have. “Amal is trying to get pregnant, and she doesn’t want their child to grow up in those bachelor digs,” says the insider. Their new home base will be a 17th-century mansion (above) near London, where Amal’s law firm

is located, and sources say George is scouting family-friendly houses in Beverly Hills, New York and the Hamptons. “He’ll present Amal with a short list of properties he thinks she’ll like,” says the insider. “They’ll get new furniture too, though Amal will let him keep a few antiques that have sentimental value — as long as they’re not from the bedrooms! She’s the boss in that marriage, and George will do anything to make her happy.”

THE BACHELORETTE

SECRET LOVE SCANDAL!

SHAWN BOOTH MAY BE ENGAGED TO **KAITLYN BRISTOWE**, BUT HE STILL WON'T LET GO OF AN EX

Before **Shawn Booth** proposed to **Kaitlyn Bristowe** on the July 27 *Bachelorette* finale, the Nashville personal trainer was known as one of the most die-hard contestants of the season, hardly shy about declaring that he had every intention of winning and had signed up exclusively for Kaitlyn, the woman of his dreams.

But a close inside source tells *OK!* that as recently as two weeks before

the final episode, Shawn was still reaching out to the last person who'd won his heart; and that, engaged or not, he still hasn't gotten over his ex!

THE EX FILES

Several times over the course of the season, Shawn, 28, enjoyed relaying the story of how, months before he signed up for the ABC reality show, he was pining after his now fiancée. As the story goes, his sisters turned him

on to **Chris Soules'** season of *The Bachelor* — on which Kaitlyn finished third — and they insisted the cheeky Canadian dance instructor, 30, would be his perfect match. Shawn fell in love right there in his living room; the minute Chris rejected Kaitlyn, leaving her speechless and in tears, he Snapchatted the image of a crying Kaitlyn — around which he'd drawn a heart — to his friends, promising that he'd come find her

and soothe her broken heart. Aww!

Shawn's story was great for romance TV. But an insider says that his tunnel vision over Kaitlyn was greatly exaggerated — because, in fact, he's still in touch with the ex he never quite got over.

On July 11, just two weeks before ABC aired Shawn's proposal to Kaitlyn, Shawn was furiously trying to contact his ex, calling her repeatedly — after not hearing back following several earlier attempts — and texting her that he was now “technically” engaged.

Says a friend of the former couple, “Shawn and his ex-girlfriend dated on and off for six years after meeting in college. Since they officially ended their relationship in the summer of 2012, Shawn's tried his best to get her back, but he's had no such luck.”

After one of their dramatic breakups, says the friend, “Shawn bought a house to renovate for her

— like in *The Notebook* — and it actually worked!” But when Shawn's ex relocated for the sake of his job, “She couldn't stand being away from home,” says the friend. “Their plan was to get married, but they couldn't agree on a permanent living situation and were forced to break up.”

Still, Shawn had long held out hope that they would spend their lives together.

“She has red hair, and Shawn would always say he couldn't wait to have strawberry-blond babies running around,” the source says.

What finally managed to put a wedge in Shawn's relationship is, incidentally, the same thing that may

ultimately threaten his union with Kaitlyn. “Shawn is a very jealous boyfriend,” says the friend. And on the flip side, “He gets really flirty when he drinks. He swore he never cheated, but his ex had her suspicions. Now, however, she's happily moved on — and hopes Shawn can do the same with Kaitlyn.”

CATWALK SUPERSTAR **CARA DELEVINGNE** IS MORE THAN A MODEL — NOW SHE'S TAKING THE BIG SCREEN BY STORM

Cara Delevingne is anything but just another pretty face. The high-fashion favorite, 22 — who hails from a posh London family and is known for her bold eyebrows and mischievous spirit — is now winning kudos for her starring role in *Paper Towns*, the latest teen love story, adapted from a young adult novel by **John Green**. A girl's girl who pals

around with the likes of **Rihanna**, **Kendall Jenner** and **Taylor Swift**, Cara had a brush with controversy in 2013 when paparazzi snapped her dropping a bag of white powder. But she's left the party life behind and now encourages fans to "embrace your weirdness" — an attitude that seems to be working for her so far. Next up: roles in the dark

In *Paper Towns*, Cara plays free-spirited high schooler Margo opposite Nat Wolff's neurotic Q.

superhero flick *Suicide Squad* and dramas *Kids in Love* and *Tulip Fever*.

Acting is taking you far from the catwalk. Do you care about fashion?

Not really, but I care enough. I like clothes, just not all the time. I prefer to be naked — what can I say?

Is acting your true passion?

The first time I went onstage, I fell in love with it. So yeah, the fact that I'm able to do this is the best.

What makes you more nervous: acting or modeling?

I'm always nervous when I start anything. Although with modeling, I'm not that nervous anymore, unless I am doing a catwalk. I'm a supernervous person; I can't stop speaking, and I get all weird and start

doing stupid things, like fidgeting or eating loads of candy.

You play a very adventurous, popular girl in *Paper Towns*. How much of you is in that character?

I'm all about making people feel comfortable. If someone in a group is the most shy person, I'll be with them, making sure that they're having a good time.

What's it like to have 16 million Instagram followers?

I'm so lucky. I really want to make a difference and be a good role model. I didn't understand the importance of that or what it really meant when I was younger. Now I just want to be a girl other girls can look up to.

Who are your role models?

As a kid, I loved superheroes. And the Spice Girls. But now it's mostly actresses, like **Meryl Streep** and **Angelina Jolie**. And I have a bunch of friends, like Taylor and Rihanna, who are role models to me — those hardworking ladies who are completely independent are amazing.

FRIENDS IN HIGH PLACES

For Cara, staying in touch with pals is a priority: "I FaceTime Taylor every week. FaceTime is the best thing in the world."

Cara (seen here walking for Topshop) is also the face of Burberry, Saint Laurent and Chanel.

As a girl, Cara says she was a tomboy who liked to “build things and play with cars and action figures.”

I like to be naked, what can I say?”

Cara snuggles with besties including Taylor Swift, Karlie Kloss and Gigi Hadid.

With Kendall Jenner and Chanel designer Karl Lagerfeld, who Cara says “sends me pictures of his cat a lot.”

Cara and Rihanna hit the Met Ball together in May.

SPIKE MENDELSON'S *PEACHES & CREAM DESSERT PIZZA*

Pizza and dessert are both indulgences; combined in one dish, it makes for the most efficient diet cheat ever! *Top Chef* alum **Spike Mendelsohn**, who owns Bernaise restaurant in Washington, D.C., and serves as chairman of the city's newly formed Food Policy Council, created this dessert pizza recipe to be made in Black & Decker's 5 Minute Pizza Oven & Snack Maker, but it can easily be prepared in a conventional oven too. As for his inspiration: "We're in the midst of peach season, and I kept seeing beautiful, ripe peaches at my local farmers' market," Spike says. "I knew I wanted to use them in a recipe and wound up with this dish, which is a great balance of savory and sweet."

SERVES: 6
TOTAL TIME:
45 MINS.
SKILL LEVEL

Directions

1. If using conventional oven, preheat to 550°F or higher.
2. In blender, add peach syrup, heavy whipping cream, nutmeg, vanilla extract and salt and pepper. Pulse until blended.
2. Pour mixture into saucepan and cook over medium heat until syrupy in consistency. Remove from heat and set aside.
3. Slice peaches, then season with chopped mint, olive oil and salt and pepper to taste; set aside.
4. On hard surface lined with parchment — or, if using conventional oven, on large baking

- sheet brushed with olive oil — stretch out pizza dough until thin and round; use rolling pin if necessary.
5. Spread sauce evenly on dough almost to edge, leaving enough room for crust.
 6. Distribute mozzarella, ricotta and peaches evenly over top.
 7. Cook until crust is golden brown and crispy — in pizza oven, approximately 5 minutes; in conventional oven, approximately 10 minutes, turning pan once about halfway through.
 8. Generously dust top of pizza with powdered sugar and serve.

Ingredients

- 2 (15-oz.) cans peach halves in syrup (reserve syrup for sauce)
- 1 cup heavy cream
- Nutmeg, to taste
- 1 tbsp. vanilla extract
- Salt and pepper, to taste

RACHEL McADAMS

For the New York City premiere of *Southpaw*, on July 20, makeup artist **Daniel Martin** described the look he gave Rachel as “heat wave” beauty, thanks to the Big Apple’s sweltering temps. The key to looking cool in stifling weather, he says, is “to let the skin breathe and focus on the eyes. A dark, slept-in, smudgy eye works with the humidity, creating depth and edge.” To start, Daniel perfected skin with a primer and lightweight foundation. Next, he used a brown, easy-to-smudge kohl liner and bronze liquid shadow. “The perfect finishing touch was a fresh, berry-stained lip,” he says.

"Business casual is the perfect blend of being comfortable and looking polished," says **Meghan Markle**, star of USA Network's *Suits* and founder of the lifestyle website The Tig. For a nine-to-five look that's fun and HR-approved, Meghan advises pairing a structured garment with something a bit more relaxed. "Think: a fitted leather blazer over a tank and jeans," she says. - Don't be afraid of going monochromatic — a single color or tone creates a streamlined silhouette, which is A-OK!

NAIL ART TAKES SHAPE

"It's a very clean geometric design," says **Alicia Torello**, celebrity manicurist at The Wall Group, describing **Jamie Chung's** chosen mani pattern. "I think everyone needed a break from the heavy nail-art looks." The latest fad offers a more mature look and is easy to do at home. "A little Scotch tape is all you need," says Alicia. Stick it down to create the shapes and angles you want; paint, then remove once dry. "Before, nail art choices were a little too young, but this can look professional," Alicia says.

ICE T & COCO AUSTIN

STARS OF ICE AND COCO

OK! Q&A

Though their first show, *Ice Loves Coco*, ran for just three seasons

and ended in 2014, **Coco Austin** says TV execs fell in love with her and her husband, rapper/actor **Ice-T**, who've been married for 13 years and just announced they're expecting their first child together. "After the reality show, they were like, 'We've got to keep you on television,'" she says. The result: *Ice & Coco*, a daytime talk show premiering Aug. 3 on Fox.

What will set your talk show apart from others?

Coco: We have different viewpoints. Ice has a more political [stance]; he sees the harsh side of the world. I'm a more happy-go-lucky kind of girl, an optimist. I think people just like to see us interact, no matter what we're talking about — relationships, sex, shoes,

cars, whatever. We turn everything into fun.

Ice: We're just going to do our best, throw it out there and see what happens. Fortunately, we have a lot of different things going on in our careers, so this isn't a do-or-die situation for us. We're just going to wing it and have fun with it.

Any dream guests?

Coco: I'm a fangirl of a lot of powerful women that I would love to meet. **Charlize Theron** is top on the list, **Shakira**, **Beyoncé**; all those strong women who represent something.

Check your local listings to catch *Ice & Coco* on Fox affiliates, starting Aug. 3.

UPDATE

THE 5 HOTTEST ANTI-AGING SECRETS FOR FALL

1

Growth Hormone: The Long-Awaited “Fountain of Youth”?

Everybody's talking about human growth hormone (hGH). It's been featured on *The Doctors*, *The Today Show*, *Good Morning America*, *Fox News*, and *CNN*.

Allure magazine, in its “Anti-Aging Special” issue, highlighted growth hormone as its year-end call-out. *Shape* magazine began a recent growth hormone article with the provocative lead in: “When you see a 50-year-old actress who can pass for 35, you can bet that good genes aren’t the only things responsible for her youthful glow.” But when the internationally famous TV host himself told his audience about an oral compound that’s been proven to increase mean, serum (blood) growth hormone levels by 682% and said, “I have been searching for this from the day we started the show. I’ve been looking for ways of increasing hGH naturally because I don’t like getting the injections...” OMG!

Almost immediately, this underground “miracle pill” became a full-blown “anti-aging” phenomenon. The compound is being sold under the trade name SeroVital®-hgh, and it’s quickly gaining an almost “cult-like” following because, let’s face it... something that just may have the power to reduce wrinkles, tighten saggy skin, decrease body fat, increase lean muscle mass, boost energy, rev up sex drive, and make you look and feel decades — not years, but DECADES — younger is, at the very least, irresistible... especially when it’s protected by not one but ten U.S. Patents.[‡] But is there a catch? Get all the facts at SeroVital.com. SeroVital is currently available at all Ulta stores, Kohl’s, select GNC locations and direct from the manufacturer at 1-800-903-9972 or SeroVital.com. Use promo code **HGH334** and get free shipping.[†]

2

The European Wrinkle Pill!

What if someone told you that you could take a simple pill and grow new, younger, vibrant-looking skin? Sounds like something from a sci-fi novel, right? Well... this European research breakthrough is backed by

gold-standard science, and it's available now. It's called UniLastin™, and industry insiders are convinced it's going to completely change the way we care for our skin.

This exciting, patented new complex literally helps replace the saggy, wrinkled, old-looking surface with new, youthful, radiant-looking skin...

making it thicker, denser, and firmer, increasing both collagen and elastin, and even decreasing the depth, width and length of wrinkles. Your skin will not only look younger... it will actually be younger!

And because it's an oral compound that works systemically (throughout the entire body), it has the inherent capacity to improve the skin all over... not just on your face, but from the end of your nose to the tips of your toes!

It's sort of like a facelift for the entire body... actually changing and improving the structure of your skin as it repairs itself from the inside out.

Get all the facts at UniLastin.com. Can't wait to try it? Order UniLastin by calling 1-800-785-6025 or visit the website. Use the promo code **REBUILD9** at checkout and get free shipping.†

3

Is Stress Making You Look Older?

As if we didn't already know that stress makes you feel old, researchers have finally tied stress (even everyday, "ordinary" stress) to the rate at which our skin ages (it has to do with something called "accelerated telomere" [pronounced TEL-oh-mere] shortening... learn more at Relacore.com). The best way to slow down stress-related skin aging? Relacore® Extra. For those of you unfamiliar with it, Relacore Extra is a super popular anti-stress, feel-good pill most well known for its ability to reduce stress-related "belly bulge" (that's why it's called "America's #1 selling belly fat pill" AND the reason why the best place to find it is in the weight-control section of your local Walmart, RiteAid and Target store). Nevertheless, as more and more beauty editors are touting Relacore Extra as the new skin-care "must-have," Relacore Extra is being "reborn" as an anti-aging staple (oh, and the reduction in stress-related belly fat is a bonus!). About \$29 USD (extremely affordable) at smarter retailers nationwide, direct from Carter-Reed at 1-800-573-7403 or online at www.Relacore.com. Use promo code **RELACORE71** and get free shipping.†

It's called, what else, Bremenn Clinical's Dark Spot Eraser™. Dark Spot Eraser contains a powerful combination of super-effective skin lighteners and pigmentation modifiers that not only helps reduce the appearance of existing dark spots, but also addresses the appearance of future spot emergence, making it the ultimate solution for even the most serious dark spots. HELPING HANDS

The pair met with locals of the troubled country of Myanmar, which is suffering from poverty and civil unrest.

THE ACTIVIST AND HER SON ARE LOOKING TO MAKE A DIFFERENCE

No rest for the weary! After a visit to Cambodia to check on two foundations she started there (both named for her son **Maddox**, who was born in the Southeast Asian country), actress and humanitarian **Angelina Jolie** jetted some 1,000 miles northwest to Myanmar — her first visit to the nation, formerly known as Burma — for another charitable trip, bringing along her 11-year-old son, **Pax**! "With elections on the horizon, it is an important moment for people to exercise their democratic rights," she said. How about Angie for President!
